SSA
SANTOS SECURITY ADVISORY
ASSESS · PRIORITISE · PROTECT

COMPANY PROFILE | SSA

See clearly. Prioritise wisely. Protect effectively.

Santos Security Advisory assesses physical security risks, prioritises effective improvements and supports companies through implementation.

01 Independent
No commissions, no vendor ties and no sale of guarding services.

02 Risk-based
Priorities follow protection needs, plausible scenarios and business impact.

03 Practical
Clear measures, realistic timelines and commercially sound solutions.

PHYSICAL SECURITY ADVISORY FOR COMPANIES

Decision-ready insight. Not product lists.

Santos Security Advisory combines operational experience, structured risk assessment and security project delivery. The result is clear advice, sound priorities and measures that work in day-to-day operations.

SSA PRINCIPLES

- Vendor-independent advisory
- Engagements personally led by Sérgio Santos
- Confidential handling of information
- Available across Switzerland from Biel/Bienne

YOUR OUTCOME

Clear picture	Assets, scenarios and control effectiveness explained in a way that supports decisions.
Clear priorities	Measures ranked by urgency, effect and relevance to the operation.
Implementation	Decision basis, responsibilities and next steps clearly documented.

Service portfolio

- **Security Quick Check**
- **Site Security Audit**
- **Physical Penetration Test**
- **Security Advisory**
- **Training and workshops**
- **Specialist talks**

The SSA method

01 Understand
Clarify the objective, site, assets and relevant incidents.

02 Assess
Review structural, technical and organisational controls.

03 Prioritise
Connect risks with scenarios and business impact.

04 Improve
Define measures in a commercially sound sequence.

WHAT SECURITY QUESTION IS YOUR COMPANY FACING?

A short description is enough to identify the right service, or whether a lighter first step is more appropriate.
